About the Workshop

The SCS - 2025 (Sustainability in Chemical Sciences 2025) conference in Chemical Sciences is organized by **Indian Institute of Science Education and Research Kolkata (IISERK)** during **December 03-04, 2025** under the aegis of the 'Scientific Social Responsibility' of the SERB/ANRF. The organizing committee of SCS takes the pleasure of inviting you to this symposium. The symposium includes Invited lectures by eminent scientists of the HEI's of the Gol, to showpiece the cutting-edge research happening in the allied areas of Chemistry and Biology from our Country. The SCS-2025 provides a platform for scientists, and faculty members to discuss the recent developments in Chemical Sciences and Biological Sciences across the sub-disciplines. In addition, SCS creates opportunities to exchange ideas and to build long lasting collaborations in the frontier areas of chemistry and its allied disciplines.

SCS Workshop

December 04-05, 2025

Meeting will be held in offline mode. Limited number of selected participants (by Invitation only) will attend in physical mode.

Venue of Conference:
MN Saha Auditorium
IISER Kolkata, Mohanpur

Accommodation:
Visitors' Hostel, IISER Kolkata, Mohanpur

No Registration Fees

Abstract template, and a format of bio-sketch of speakers and Chairpersons can be obtained from the conference website.

*Due to COVID 19 pandemic the number of participants will be restricted to comply with the COVID protocols. The registration will be made based on invitation only.
